## How We Use Slack

We have different channels created for specific topics. For example, if you have a listing coming up, post it in upcoming-listings. Have a broker question or need an open house covered? Try posting a question in the meridian-agents-hub.

Call out specific agents by typing their name with @ first. Then, simply hit "enter" or click the appropriate name to select them.

Give Tacos (like kudos, or a gold star) by typing :taco: when someone does a good job or deserves some kudos!

Keep an eye out for event updates and reminders, weekly newsletter links, and much more in the meridian-agents-hub channel.
